

LEFT Panel

RIGHT Panel

The interface is divided into two main panels: the LEFT Panel and the RIGHT Panel. The LEFT Panel contains configuration options for a Batch Oven, while the RIGHT Panel displays a summary of the selected configuration.

LEFT Panel Configuration:

- Model Selection:** Operating Temperature Range* (351° F to 500° F), Heating Medium* (Electric Heat), Configuration* (Walk-In, Top Heater Box, Walk-In, Rear Heater Box, Cabinet Oven).
- Air Flow Pattern*:** Dual Air Flow, Horizontal Air Flow.
- Performance Requirements*:** Standard Duty, Enhanced Duty.
- NFPA Classification*:** Class B.
- Model:** SWT05ED.
- Workspace and Construction Features:** Workspace Width* (120"), Workspace Depth* (120").

RIGHT Panel Summary:

- Model Selection:** Operating Temperature Range (351° F to 500° F), Heating Medium (Electric Heat), Configuration (Walk-In, Top Heater Box), Air Flow Pattern (Dual Air Flow), Performance Requirements (Standard Duty), NFPA Classification (Class B), Model (SWT05ED).
- Workspace and Construction Features:** Workspace Width (120"), Workspace Depth (120"), Workspace Height (96"), Door Style (Bi-Parting Swing Doors, One End), Door Window (No), Floor Style (12 ga. Plate Steel).
- Circulation, Exhaust, and Heat Capacities:** Circulation Fan (9,000 cfm Circulating Blower), Heater Bank (Electric, 108 kW).
- Control Options:** Supply Voltage (480/3/60), Batch Timer (No), Door Switch (No), Ramp/Soak Controller (No), Single Pen Chart Recorder (No), Zero Speed Switch for Fan(s) (No), Composite Curing Controls (No).
- Exterior Finish:** Finish (Standard Blue).

Annotations:

- Red circles and arrows point to the "Special Requirements" tab, the "Operating Temperature Range*" field, the "Configuration*" field, the "Dual Air Flow" and "Horizontal Air Flow" options, the "Model" field, and the "Performance Requirements*" field.
- Red boxes with text provide instructions: "Indicate any special requirements here", "*Indicates a required field", "Click these boxes for more information, which will appear in the right panel", and "Hover over field with blue text for more information".

• Control Buttons (also available at top)

• Be sure to click "Finish" when you're done. **NOTE:** Configurator pricing is for internal use only. Customers will not see pricing.
